

Cannot edit button bars

Some specifier and user security settings can make button bars uneditable.

- 1) Using Windows Explorer locate the files: TOPBAR.CNF and BOTBAR.CNF
 - 2) Right click on each.Â Select "properties" and ensure the "Read Only" attribute box is unchecked.Â
 - 3) Verify that the current windows user has permission to read and edit files in the containing folder(s).
- Restart Datacolor Tools / ColorTools
